Discount Highlights

What makes PerkSpot's
discount offerings different?

Explore 25+ categories filled with unbeatable deals.

PerkSpot is proud to offer exclusive and private discounts from approximately 3,000+ merchants in a wide array of categories.

Real deals negotiated by real people.

The PerkSpot Merchant Relations Team adds local and national offers up to 40 times a day, so our list of merchants and offers is continuously evolving. Not only that, but our team works to find the steepest deals that won't be found elsewhere.

Give your employees a say with the "Suggest a Business" feature.

We highly encourage employees to use our "Suggest a Business" feature to propose new merchants. We've even had members request local businesses that we've secured a deal for!
